## BEYOND RELIEF

#### INGREDIENTS AND FUNCTION

##### Horse Chestnut

This herb may help to restore elasticity to varicose veins. It contains the compound aescin, which helps to strengthen capillary cells and reduce fluid leakage. Helps to reduce the heaviness in the legs and soothes inflamed veins.

**Ginkgo Biloba** - Highly effective in the treatment of blood vessel disorders. Aids in protecting blood vessels & could help prevent more broken capillaries. Helps to improve circulation.

##### Silymarin

The active component of milk thistle, which has a unique type of bioflavonoid with antioxidant ability. It cleanses the veins of toxins and free radicals, which are damaging to vein valves.

##### Butcher's Broom

An herb that is high in rutin, a component of vitamin C, and other compounds that actually help tone up vein walls. It's used extensively in Europe for varicose veins and hemorrhoids.

##### Rutin

Used for strengthening the veins and capillary walls.

##### Salvia

Heals veins and damaged capillaries, also reduces spasms.

##### Acerola

An anti-oxidant which protects the veins and capillaries from damaging toxins.

##### Gotu Kola

Reduces swelling and strengthens connective tissues. Useful for circulatory disorders and aids in the elimination of excess fluids.

##### Ginger Root

Opens veins and capillaries for increased blood flow. A precursor for all herbs.

##### Bilberry Leaf

Increases collagen in the veins for strength and integrity.

##### Hawthorne Berries

Useful for circulatory disorders.

##### Cayenne

Dilates capillaries and veins for improved assimilation of all herb constituents (ie. Vit C, B complex & Zinc).

(Not to be taken by pregnant or lactating women)

Directions: 1 capsule 2 times daily.
